CHAPTER 01

FORMULATE THE DROP

We create the formula

Our Seoul R&D center designs the texture and feel around your concept and target.

R&D CENTER

R&D in Seoul

From formulation to pre-launch testing, in Seoul

Our corporate R&D center, founded in December 2021, expanded to Seoul's Gasan Digital Complex in April 2026. It follows the same SOPs as the QC team at Gimpo HQ.

01 Designed for scale-up
We review Gimpo plant equipment and processes from development

02 Pre-launch testing
Stability · microbial · preservative efficacy tested in our own lab

03 Formulas built to standards

- EVE VEGAN
- Cruelty-Free
- Clean at Sephora criteria
- Free of Hwahae's 20 cautions

PACKAGING · SOURCING

Packaging & Sourcing

From container sourcing to filling · packaging

We help find the right containers · pumps · tubes, labels · unit cartons for your product.

Turnkey · Client-supplied

We fill containers sourced by EdenFarm (turnkey) or client-supplied containers.
For client-supplied containers, we first run a filling test with specs and samples.

Stock · Custom Molds

A supplier's stock molds mean shorter lead time and lower MOQ.
A custom mold creates a container unique to your brand.

Filling & Packaging

Vacuum · fixed-volume filling with 7 types of fillers.
We also handle lot coding, shrink-wrapping and boxing.
